

November 19, 2008

To EU based customers of ADL Insulflex, Inc.,

Please be advised that we have developed the following policies with regard to the REACH Program.

In accordance with REACH regulations, we are required to evaluate the status of all of our products. REACH defines an Article as "an object which during production is given special shape surface or design which determines its function to a greater degree than its chemical composition"¹ As such, the following products are defined as articles;

- Pyrojacket – Industrial Grade and Aerostyle Grade (PJ, PJA, PJVCO, PJAVCO) all colours with and without hook and loop closure.
- Pyrotape (PT)
- Pyrorope (PR)
- Pyroblanket – PB96, PB32 & PB17
- Pyrosil Tape (PST and PSTR)
- Silicaflex (SFHD, STAB, SFB)
- Fiberflect (FFAB and FFB)
- Thermosleeve (TSS, TSB and TSBL)
- Flexgard (FG and FGVCO)
- Pyreflect (sleeve and blanket)
- EAF Cable Covers

The products named above are classified as Articles and as such are not required to be registered. In addition, our products do not contain any SVHC (Substances of Very High Concern) above the 0.1% concentration.

We will continue to monitor the list of SVHC products. We have appointed our Nichola Walt (nwalt@adl-group.com) as our corporate REACH specialist. Please don't hesitate to contact us if we can be of any further assistance.

Sincerely,

ADL INSULFLEX, INC.

S.R. Allan, CET, Mech. Eng.
Vice President and General Manager
